

## Module cover

All HC-003-modules for Kamstrup MULTICAL® 403, MULTICAL® 603 and MULTICAL® 803 meters are delivered with a protective cover.

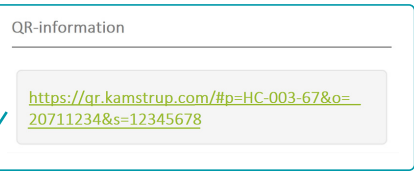

The cover is laser engraved with marking to assist installation:

- Description of the module functionality
- Description of the module type
- Description of the functionality associated with the screw terminals
- Serial number of the module
- QR code with links to a Kamstrup home page.

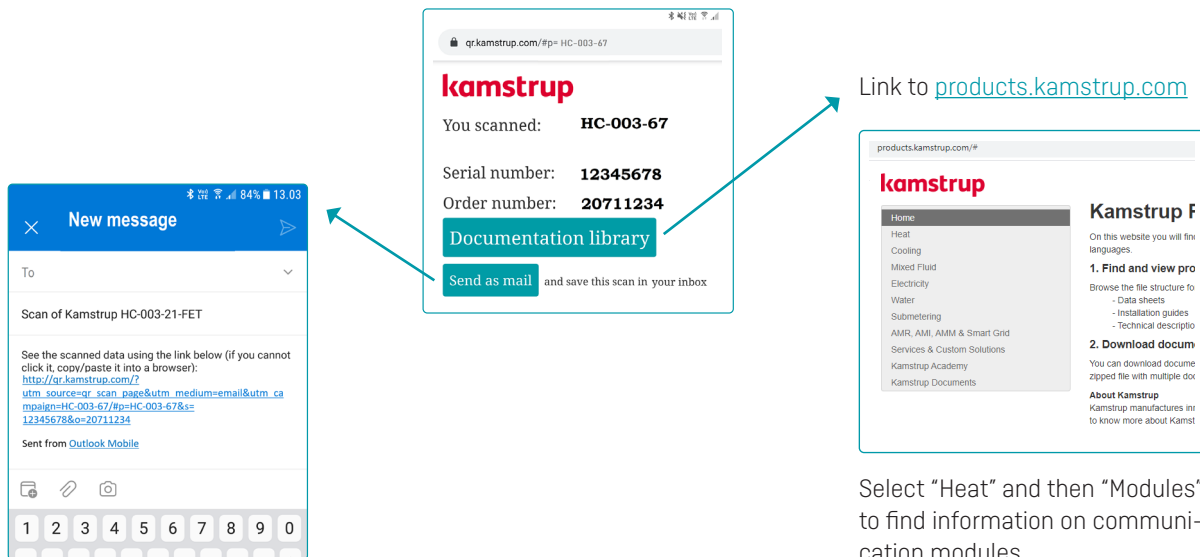

### QR Code

Scanning a modules QR code with your smartphone, will show a link like this:

By following the link in the QR code, you are led to this site:

Link to [products.kamstrup.com](https://products.kamstrup.com)

Select "Heat" and then "Modules" to find information on communication modules.

To send email with information e.g. to order new modules.
